

## At *The Ultimate Bullriding Battle*

WSBBA-ABBI sanctioned event August 24th in Idaho Falls, Idaho

this ground rule will be in place.

For the Derby and Classic classes the bulls entered will get a maximum of 3 honest tries to get out of the chute, by the rider getting on your bull. If the Chute boss or producer notifies you that this is the third & last honest attempt the rider will have 45 seconds to get out of the chute on the bull. If this is unable to happen the rider will receive a re-ride & the bull will get a zero score. The bull entry fees will not be refunded. Please understand this is for the well-being & safety of the sport as it continues to grow and get more media attention for riders & animals.

We're having Futurity bulls limited to 35. Must be tipped, have a negative TB and Brucellosis, and health papers. Remember you can pen futurity bulls together but they must be drawn together. Derby & Classic bulls will be limited to 37 head total between the 2 classes. If we have more pens before entries close we will make adjustments to have more animals if necessary. We will buck Futurity bulls at 10:00 a.m. Derby & Classic bulls at 7:30 p.m.

Thank You & we look forward to your support at *The Ultimate Bullriding Battle* at Sandy Downs arena in Idaho Falls, Idaho August 24<sup>th</sup> 2019.
