Year-end Standings/Awards:

Bull of the Year – Points awarded at WSBBA sanctioned events will accumulate to determine year-end champions for Futurity, Derby, and Classic division bulls. Accumulated totals will be reached by counting the top three (3) scores for said bull, plus that bull's WSBBA Finals score.

Failure to do so will result in the animal in question not being allowed to compete, and the forfeiture of all entry fees for that animal. Any additional requirements will be posted by the WSBBA prior to the entry open date.

Any animal found to have been subjected to or treated with a banned substance will be found to be in violation of WSBBA Official Rules and will be subject to disciplinary sanctions.

Drug Testing Procedure:

All samples will be collected by a licensed veterinarian or a trained technician of the WSBBA's choosing. Following collection, the veterinarian or technician will divide each sample into A and B containers and containers will be sealed thereafter. All samples will be documented, stored, and shipped in a secure manner consistent with the guidelines and instructions as provided by the testing laboratory. Container A will be sent to the lab for analysis, Container B will be preserved for any possible appeals and will be stored by an authorized agent.

Drug Testing Discipline:

Any Stock Contractor whose animal has been found to have tested positive for a Banned Substance shall automatically forfeit any and all prize money won by such animal competing in an event where such positive sample was collected. Further, a stock Contractor whose animal is found to have tested positive for a banned substance shall be subject to a fine in the monetary amount determined by the WSBBA BOD. Fines imposed in connection with violations of this policy shall have no maximum limit. In addition, said stock contractor may be subject to random testing of any and all of their animals owned or registered in their name, at the Stock Contractor's sole expense. The WSBBA reserves the right to require the aforementioned testing to be conducted at a laboratory designated by the WSBBA, the cost of which, including but not limited to bull transportation, shall be the sole responsibility of the stock contractor. Finally, the stock contractor shall remain subject to any further action as deemed necessary by the WSBBA BOD.

Refusal to Submit to Drug Testing: Any Stock Contractor who refuses to allow testing samples to be collected from their animal will forfeit any and all entry fees at the WSBBA Sanctioned event where collection was requested. Additionally, said Stock Contractor will not be allowed to enter or compete in any WSBBA Sanctioned Event until such time as sample collection from the animal in question is allowed.

Administering Medications at an Event:

WSBBA does not allow individuals to administer any medication, without approval from the WSBBA, for any reason while the bull is at the WSBBA event. Individuals found administering medication are subject to disciplinary action as determined by the WSBBA BOD, and the bull in question will be disqualified from the event. If an animal becomes sick, lame, or injured while at an event and needs veterinary care and/or needs medication administered, the animal in question will become ineligible to compete and entry fees for the animal will be forfeited.

Age Verification:

Bulls may be chosen for age verification, to be performed by an authorized veterinarian, at any time or for any reason as determined by the WSBBA. Bulls that have been age verified through another association will not need to be tested as long as proper paperwork is presented. Bulls that are tested and found to be too old will be disqualified, and contractor will forfeit all entry fees any winnings associated with the bull in question. Further, the contractor in question may be subject to additional disciplinary actions and/or fines as determined by the WSBBA BOD.

Electrical Devices and Foreign Objects:

Any and all electrical devices used to stimulate animals are prohibited from use inside the bucking chutes. Additionally, foreign objects in the flank are prohibited. Any Stock Contractor not adhering to this rule will be disqualified from the competition in its entirety and will forfeit all animal entry fees associated with that WSBBA sanctioned event. In addition, failure to adhere to this rule may result in additional disciplinary action as deemed necessary by the WSBBA.

Competition Format:

All Derby, Classic, and Maturity bulls will be judged for 8 seconds after breaking the plain of the chute, or until the rider is bucked-off. If a rider makes three (3) 'honest' attempts and cannot get out on a bull, the bull may be disqualified, with all fees associated with the bull in question forfeited.

Dummies:

All Yearling and Futurity animals competing at an WSBBA sanctioned event will be bucked using a WSBBA approved dummy. The Dummy will be applied by designated WSBBA officials. Bulls will be bucked for 5 seconds unless otherwise noted and posted prior to the event.

Judging:

The WSBBA uses a standard 100-point scoring system. Bulls are judged from 1 to 25 using quarter points. All judges' sheets are signed by the event judges, and results will be posted at the conclusion of each event. The number of judges may not be less than four (4). An event may choose to use six (6) judges in which case the high and low scores will be thrown out. When four (4) judges are present the WSBBA will use a variance scoring system. Currently that variance is set at 1.75. Whenever a judge's score is two (2) points higher or lower than the next judges score than that judges score will be thrown out. The remaining judges scores will be averaged in order to obtain the bull's final score.

Re-bucks:

A re-buck will be awarded if in the opinion of at least one judge the animal had no chance to fairly compete due to a situation(s) outside the control of the animal, or it's flank person. Please note, it is the flank person's responsibility to make sure the bull is properly flanked, and in the case of dummy division bulls that the dummy is satisfactorily attached before calling for the release of the bull. If a dummy prematurely releases a re-buck will automatically be awarded.

Points:

Points will be given up to 20 places, or in the case of less than 20 entries for as many bulls as are entered in the division. First place will receive 20 points, or an equal number of points to the bulls entered in the division; second place will receive 19 points or one (1) less than the number of bulls entered in the division; so on and so forth until one (1) point is awarded.

Payout:

Positions will be paid on the basis of one (1) position for every six (6) animals up to 20 positions. See the WSBBA payout breakdown below for specific details. Payout is determined by the number of entries per each division at each WSBBA sanctioned event.
